

**Content of delivery:** 1x Lense, 1x Quick Installation Guide

**INSTAR Deutschland GmbH** hereby ensures that you will not lose your warranty by installing this additional lense.  
**ATTENTION:** Any damages caused by the user's faulty installation are excluded of the warranty.

**Step 1:** Carefully unscrew the lense from the mount by turning the focus ring counter clockwise.

**Step 2:** Remove the lense from the camera.

**Step 3:** Remove the lense from the focus ring by pushing the lense to the back. If the lense doesn't move please carefully heat up the ring and try again.

**Step 4:** Take your new lense and push it into the focus ring.

**Step 5:** Remount the lense into the camera by turning the focus ring clockwise. Please don't screw it all the way in yet.

**Step 6:** Connect the camera to the power supply and connect it with the network. Now access the camera's web interface and turn the lense until you can see a clear and sharp picture.

Your INSTAR team wishes you the best with your new lense!
